All defects disclosed by said inspection were properly repaired, except as stated. The parts and appurtenances were left in the condition reported below.

Unit is propelled by Diesel-Electric

NONE pounds was applied to main air reservoir.

As shown by reports on file was New (1-69) tested? No

As shown by reports on file was New (1-69) removed and inspected? None

Oil as shown by stamping on the parts _____ Ten pins removed and inspected? NONE

Metal as shown by stamping on the pins _____ and draw gear is Good - Good

Signal equipment is Good Gear is Good - Good

Wire and supply system is Good - Good

By inspections and tests above reported in Items No. _____ and that statements therein are true and correct.

H. F. Orlovski

The inspections and tests above reported in Items No. _____ and that statements therein are true and correct.

Inspection performed under my general supervision _____

10. Date of previous insulation tests on _____ 1-10-69

Were insulation tests applied at this inspection? _____

Name of circuit	Normal voltage
<u>Main</u>	<u>370</u>
<u>Control</u>	<u>37.5</u>

- 11. Condition of current collectors is _____
- 12. Condition of control equipment is _____
- 13. Condition of control circuits and terminals is _____
- 14. Condition of power equipment is _____
- 15. Condition of power circuits and terminals is _____
- 16. Condition of lightning arresters is _____
- 17. Were meters tested? No Date last tested _____

shown by reports on file was None _____
I certify that I made the inspections and tests above reported and that statements therein are true and correct.
10-11-12-13-14-15-16-17

I certify that I made the inspections and tests above reported and that statements therein are true and correct.

I believe the report true and correct _____
